## A HIGHLY QUALIFIED TEAM AND R/D LEADS TO OUR SUCCESS ..

In GIT, we believe that successful performance is not an outcome of nowhere. But, through the efforts of our extraordinary team. Every member works hard to face challenges, provide efficient products, and invent competitive solutions for our clients.

Not to forget the economical dimension by pricing, marketing, and development. A real constant development based on our commitment to QA/QC which is the doctrine of our in-house R&D center. We care about our client's feedback converting to the most satisfactory actions.

## ■ JUST IN TIME..

We strongly believe that promptness in delivering orders is the key to a good reputation for our company and our clients' satisfaction.

So, our team follows clear stages in receiving, managing, monitoring, and delivering clients' orders.

We keen to provide best and sufficient delivery equipment, so order from GIT is delivered Just in time every time.

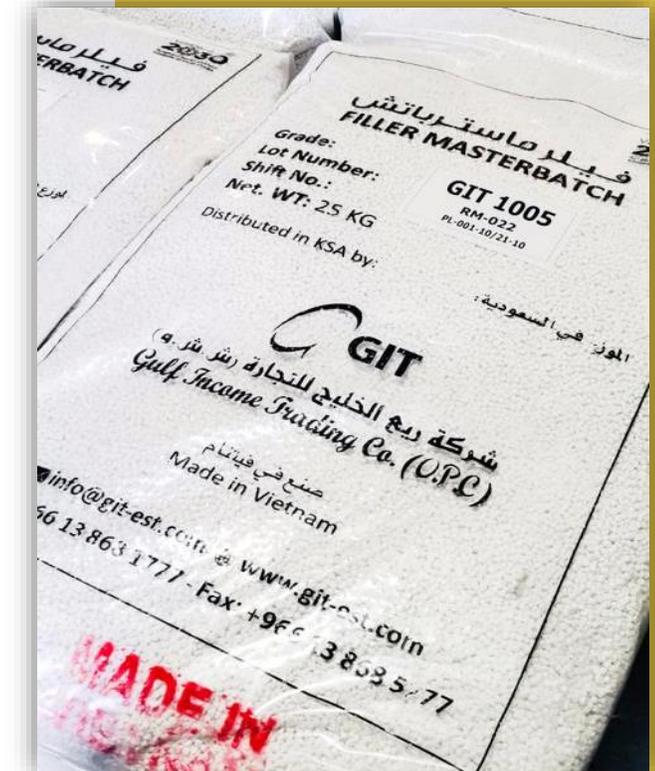

## WAREHOUSING AND STORAGE FACILITIES..

Our main warehouse is located at Dammam, very close to the Dammam Seaport.

The warehouse is equipped with all the state-of-the-art safety parameters in accordance with local and international standards.

Our in-house team is operating all equipment such as forklifts, trucks which facilitate performing the functions of offloading, loading, packaging, stacking, etc.

## EYES ON QUALITY WITH A LOOK AT ENVIRONMENT..

We are so proud that our company has improved its positive reputation through getting the ISO 9001 quality certificate.

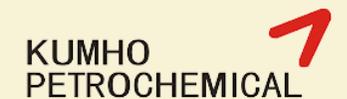

Also, we have BQSR certification which is a globally recognized ISO Certification body, with a specialized wide pool of auditors and technical experts in each field.

Besides quality, GIT gives big care to safety and environmental issues as chemicals is the major emphasis for the company.

## OUR PARTNERS..

In GIT, we have developed long-standing and solid relationships with our suppliers. We are proud of this positive and integral cooperation with:
